PROFESSIONAL SUMMARY

Final-year Computer Science Engineering student with strong expertise in SQL, Python, Excel, and Power BI, and hands-on experience building data-driven platforms. Proven analytical and problem-solving skills demonstrated through hackathon achievements and real-world projects involving startup, investor, and user analytics. Actively seeking Data Analyst / Data Scientist roles.

CORE DATA SKILLS

Data Analysis & Visualization:
 SQL, Excel, Power BI, Data Cleaning
Programming & Scripting:
 Python, Java, Pandas, NumPy

Databases:
 PostgreSQL, MySQL
Analytical Foundations:
 Basic Statistics, DSA

Supporting Skills:
 HTML, CSS, JavaScript (for data dashboards & reporting tools)

PROJECTS

GrowUp
Startup performance & stakeholder analytics platform
- Designed a platform enabling startups, investors, customers, and mentors to interact through a unified system.
- Implemented startup performance tracking, including growth metrics, engagement indicators, and interaction data.
- Tech Stack: SQL, Python, Web Technologies, Database Design

SkillCraftr
AI-assisted learning & analytics platform
- Built a system that generates practice questions and evaluates student responses automatically.
- Designed user progress tracking, streak analytics, and performance insights.
- Worked with structured datasets to analyze learning behavior and engagement patterns.
- Tech Stack: Python, SQL, Node.js, PostgreSQL, Power BI

Zero-Knowledge Anti-Cheat System
Security-focused system design project
- Designed a privacy-preserving verification mechanism using zero-knowledge concepts.
- Strengthened understanding of secure data validation, integrity, and trust-based systems.
- Focus Areas: Data integrity, system validation, security design

EDUCATION

Bachelor of Engineering – Computer Science Engineering
ISL Engineering College (Affiliated to Osmania University)
Batch: 2022 – 2026 (Pursuing – 4th Year)
C.G.P.A : 8.0 / 10.0

CERTIFICATIONS

Data Science Program – Full Stack Academy
Status: In Progress | Expected Completion: Feb–Mar 2026

UI/UX Design Certification – Udemy
Status: Completed

MERN Stack Web Development – Udemy
Status: Completed

HACKATHONS & ACHIEVEMENTS

🥉 2nd Runners-Up – Hack Revolution
Muffakham Jah College of Engineering & Technology (MJCET)

🥈 Runners-Up – Blockchain Hackathon
Organized by Devfolio, Starknet & Code For Change
- Solved real-world problem statements under strict time constraints
- Collaborated effectively in cross-functional technical teams
